Time Capsule Found at Castile UCC

When the exterior church trim was being repainted and the two emergency exit doors on the sides of the Sanctuary were replaced, a TIME CAPSULE was discovered on the bank side of the building. We are assuming it was placed there when the new addition (Sanctuary) was built in October 1963. If you check this out you will see a "1963" Cornerstone where it was located.

The Board of Trustees plans to open this Time Capsule on Sun., October 22 following Worship and before the October Church Council meeting. We invite everyone to stay after church for this special event (and of course, the Church Council meeting.) Refreshments will be served!!!
